Faith in Older People is continuing to produce a newsletter on a regular basis but the following information may be useful for congregations:

**Support for Faith Communities**

William Grant Foundation, National Lottery Community Fund and ourselves in Faith in Community Scotland have created a rapid response fund so that Scotland's faith group network can support people to maintain safe connections with loved ones during covid19. Please share as appropriate – info and application form on our website, and on our FB/Twitter feeds (@ficscotland)

**Let our care homes know we are thinking of them**

It is important to keep the residents and staff in our care homes in our thoughts as well as our NHS staff. They provide so much great care and particularly in the current circumstances. Many residents will be confined to their rooms so do not see other residents and neither will they be able to have visitors who will also be feeling isolated from their family member or friend.

**Could you send a card to your local care home so that they know they are being thought about?**
